FITNESS CLASS/PERSONAL TRAINING SESSION POLICIES AND PROCEDURES

**Purpose:** These policies and procedures are used to describe the pre-, during, and post-class/session procedures for each specific F&W position.

**Scope:** These policies and procedures are used by all F&W Staff.

**Policies:**

I) **GROUP FITNESS CLASS POLICY**

a) Instructors must arrive at least 15 minutes early, to allow ample time to clock-in and arrive at the studio.
b) All equipment used for class must be put back in its proper place.
c) In all studios, the stereo door should be locked and shut.
   i) Volume should be turned down to 0 and powered off.
   ii) If there is a problem with the stereo, please report the problem to a monitor (if available) or contact F&W Coordinator via phone or email.
d) The weight racks should be locked.
e) Instructor must replace the key in the studio key in the closet once they obtain it to open the stereo.
   i) Every instructor accepts financial responsibility for the studio key during the time of their class.
f) For the Mind/Body studio specifically, the stereo key is kept in the safe in Studio D closet
   i) The monitor assigned to each yoga class must bring the key down before each class, and pick it up from the yoga instructor at the conclusion of each class to return it to the safe.

II) **PERSONAL TRAINING SESSION POLICIES**

a) Trainer must clock-in 5 minutes prior and after the session is complete.
b) Trainer must meet client at pre-designated area as discussed.
c) Clients are not permitted to bring other individuals with them to the exercise session(s)
d) Trainers are not to answer questions pertaining to nutrition and/or supplements. If a client is to ask such a question, refer them to a nutritionist or other qualified personnel (UGA UHC Nutrition Education Coordinator Whitni McConnell, wmcConnell@uhs.uga.edu)
e) If a trainer feels uncomfortable with a patron and/or client at any time, please bring it to the professional staff’s attention.

III) **FITNESS MONITOR SHIFT POLICY**

a) Arrive at the designated class 15 minutes prior to start time.
b) Monitors should check with the instructor that they are ready for class and do not need any assistance before letting patrons in or leaving the class for assigned duties.
c) The monitor will wait until 15 minutes have passed from the class start time to leave the studio and begin any assigned duties.
d) Patrons must be checked into class via the tablets through the Fusion Software.
e) Monitors should not do unrelated tasks during their shift such as using their phones, doing homework, etc.
Procedures:

I) GROUP FITNESS CLASS PROCEDURE

a) The instructor will introduce themselves to the class, announce the name of the class, ask if there are any first time participants, and if there are any injuries you should know about.

b) The instructor will read the Pre-Class Announcements posted near the stereo (for water classes: located in sign-in binder).

c) When turning on the stereo equipment, make sure the master volume is all the way down. Turn on all other boxes before turning on the amp. This will extend the life of our speakers.
   i) When turning the system off, turn the master volume all the way down and turn the amp off first.
   ii) When adjusting the volume, the only dials that need to be touched are the master volume, CD/iPod volume, and the Mic volume – they should not be turned up past 7.
      To adjust the speed in Studio D and E use the slide control: up to decrease the tempo and down to increase tempo.

d) To use the microphone, make sure the receiver is ON.
   i) Make sure there is a battery inside the mic pack.
   ii) Switch the power ON button on the mic – make sure the mute switch is not on.
   iii) Adjust the volume using the stereo controls.
   iv) Make sure to take the battery out at the end of class and put it back on the charger.
   v) Place the headset on top of the receiver after class.

II) PERSONAL TRAINING SESSION PROCEDURE

a) Trainer will meet client at designated time and place.

b) After the session, the trainer will deduct the session from the client’s packet on Fusion.

c) The trainer will leave the PT Office locked with the lights off unless another trainer is utilizing that space.

III) FITNESS MONITOR SHIFT PROCEDURE

a) Retrieve Tablet from the safe in the Studio D/E closet.

b) Log-in to Fusion Software with the assigned F&W login credentials.

c) Search every patron’s 810 UGA number to verify they have a class pass for the intended class.

d) Press “Allow” on the Access Reader to check the patron in.

e) The monitor will count all patrons in the class and document the total on the daily count sheet.

f) The Tablet will be placed back into the safe and the monitor will continue with assigned duties.

g) If the tablets are not working for any reason, the Monitor will get a class sign-in/waiver form from the Studio D closet and will record all names, signatures, and UGA ID’s from the patrons entering the class.
   a. Waivers will then be placed in the Monitor Manager’s mailbox.
