Facility Usage Guidelines

The following policies and procedures may not cover every situation or event that may occur throughout the facility and so are meant as a guide to current policies and procedures. Final interpretation of Department of Recreational Sports Policies and Procedures will be left to the discretion of the Managers on duty or the Department of Recreational Sports Administration in order to maintain the health, safety and security of patrons and staff.

Insurance

1. The University of Georgia does not provide health insurance coverage for accidents or illness incurred while participating in a recreational activity or in a recreational facility.
2. All individuals participating in a recreational activity assume responsibility for their health. It is recommended that all individuals who intend to participate should have a physical examination beforehand for their own protection.
3. Anyone injured while utilizing the Department of Recreational Sports Facilities must immediately contact the nearest Recreational Sports Staff Member so proper care can be provided as quickly as possible. Staff Members are trained to provide limited emergency care to patrons until professional emergency care can arrive. If advanced emergency care is necessary, Recreational Sports will activate emergency procedures. Patrons are asked not to dial 911 directly as this may lead to delay/confusion in obtaining proper care.
4. In any injury situation, the injured person (when possible) and any witness(es) will need to complete an Accident Report.

UGA Code of Conduct

UGA Student behavior is expected to be in compliance with standards of conduct expressed in the Code of Conduct [http://www.conduct.uga.edu/code_of_conduct/codeofconduct.pdf]:
1. The UGACard is provided solely for person described on card, and any student who uses the ID card of another person or who allows his or her card to be used by someone else is subject to disciplinary action and will forfeit recreational privileges for the remainder of the day. Upon request, the UGACard must be shown to University officials. Failure to identify oneself to these persons when requested to do so is a violation of University policy and subject to disciplinary action.

The patron may appeal this decision in writing to the Vice President of Student Affairs within 10 business days from the date of the letter.
